To good connections

Dear passengers,

wherever your journey may take you - we will do everything we can to ensure that you reach your destination safely and happily. In this handbook, we have summarised the most important legal principles for your trips abroad with us. In addition to this guide, you will also find the SCIC-EWT, as well as the terms of use for the Eurail and Interrail Pass, the international door-to-door luggage service and Rail Inclusive Tours.

If you buy a ticket for an ÖBB-Personenverkehr AG train or bus to a destination abroad, you enter into a contract of carriage with us. Your rights and obligations under this contract are set out in the Conditions of Carriage, Section A. [→ 14] of this manual.

The fare conditions in Section B. [→ 58] provide information about the tickets we offer, as well as the according terms of use. In Section C. [→ 131], "Customer groups", you can read all about possible discounts on ticket prices.

In order to ensure that this guide is easy to read and understand, we use the terms "customer" and "employee" for both genders. When we write about "buses", we mean our IC buses. If we mention "ÖBB" or "us" in the rates, we are always referring to ÖBB-Personenverkehr AG.

We hope you have a pleasant journey and will be happy to answer any questions you may have at our service number +43 5 1717. On the Internet, you will find information on travelling with ÖBB at www.oebb.at.

A. Conditions of Carriage

A.1 General Conditions of Carriage for Rail Passengers (GCC-CIV/PRR)

A.1.1 Preamble

- A.1.1.1.1 The purpose of the General Conditions of Carriage for Rail Passengers (GCC-CIV/PRR) is to ensure that uniform contractual conditions are applied to international and domestic passenger traffic by rail, insofar as this is feasible and appropriate.
- A.1.1.1.2 The International Rail Transport Committee (CIT) drew up these GCC-CIV/PRR and recommends that its members apply them. The text of the GCC-CIV/PRR and the list of undertakings applying them are shown on the CIT website www.cit-rail.org and on UIC/CIT/CER website www.railpassenger.info. As a general rule, they may also be consulted at the sales points of those undertakings which provide customer advice.

A.1.2 Conditions of carriage

- A.1.2.1.1 The GCC-CIV/PRR cover general issues concerning the contractual relationship between passengers and carriers. Conditions which derogate from the GCC-CIV/PRR (point A.1.2.1.1.2 [→ 14] below) or which only apply to particular routes, particular types of trains or particular offers are covered by the special conditions of carriage.
- A.1.2.1.2 The special conditions of carriage may derogate from the GCC-CIV/PRR. If the special conditions of carriage do derogate from the GCC-CIV/PRR they are to mention the paragraph and the point of the GCC-CIV/PRR from which they derogate explicitly. Any derogation in the case of points A.1.10 [→ 18] to A.1.15 [→ 21] GCC-CIV/PRR, may only be in favour of the passenger, unless the Passengers' Rights Regulation (PRR) is not applicable (in non Member States of the European Union (EU) or on exempted rail services within the EU).
- A.1.2.1.3 Both the GCC-CIV/PRR and the special conditions of carriage become integral parts of the contract of carriage on its conclusion (point A.1.14.1.1.2 [→ 21] below).

A.1.3 Statutory basis

- A.1.3.1.1 The carriage of passengers by rail is subject to the provisions of:
- the Uniform Rules concerning the Contract of International Carriage of Passengers by Rail (CIV – Appendix A to COTIF), and/or
 - Regulation (EC) No 1371/2007 of the European Parliament and the Council of 23 October 2007 on rail passengers' rights and obligations (PRR), and/or
 - national law
- A.1.3.1.2 When carriage of passengers being the subject of a single contract of carriage includes carriage by air, road, inland waterway or sea as a supplement to carriage by rail, each transport mode is subject to the provisions governing that mode in so far as they are applicable or agreed on a contractual basis, without prejudice to the Articles 1 and 31 CIV.

A.1.4 Contract of carriage

- A.1.4.1.1 The contract of carriage obliges the carrier(s) taking part in the performance of the contract of carriage to carry the passenger from the place of departure to the place of destination.
- A.1.4.1.2 Contracts of carriage consist of:

- the GCC-CIV/PRR;
- the carrier(s) special conditions of carriage; and
- the specific data indicated on the ticket (point A.1.15.1.1.3 [→ 21] below).

In the event of conflict between the GCC-CIV/PRR and the special conditions of carriage, the latter take precedence over the former. In the event of inconsistencies in the special conditions of carriage, the condition more favourable to the passenger is to apply.

- A.1.4.1.1.3 Contracts of carriage are confirmed by tickets, either in the form of traditional paper tickets or as e-tickets. Tickets act as prima facie evidence of the conclusion and content of the contract of carriage.
- A.1.4.1.1.4 One ticket represents one contract of carriage except for the cases covered in points A.1.4.1.1.5 [→ 15] and A.1.4.1.1.7 [→ 15].
- A.1.4.1.1.5 Several tickets in the traditional paper form represent several contracts of carriage. They represent a single contract of carriage only if stated in the special conditions of carriage.
- A.1.4.1.1.6 Several e-tickets represent several contracts of carriage. They represent a single contract of carriage only if they are linked electronically and if stated in the special conditions of carriage.
- A.1.4.1.1.7 Provided it is clearly stated in the special conditions of carriage, a single ticket may represent several contracts of carriage.
- A.1.4.1.1.8 Transfer between railway stations, for example in the same conurbation by transport modes other than rail (bus, tram, metro, taxi, bicycle), or on foot, does not form part of the contract of carriage by rail and is performed in accordance with the law applicable to the transport mode in question.
- A.1.4.1.1.9 Carriage by another mode of transport before or after carriage by rail, or between two rail transport services, is subject to a single contract of carriage only if it is represented by one ticket, without prejudice to point 3.6, or if it is provided for in the special conditions of carriage of the carrier(s) concerned.

A.1.5 Tickets and reservations

A.1.5.1 In general

- A.1.5.1.1.1 Carriers or their associations determine the design of tickets and the languages and characters to be used to print and fill them out.
- A.1.5.1.1.2 E-tickets are subject to special conditions of carriage. The details contained in the e-ticket can be transformed into legible written symbols.
- A.1.5.1.1.3 As a rule, tickets are to indicate the carrier(s) taking part in the performance of the contract of carriage, the issuer of the ticket, the route, the fare, the period of validity of the ticket, the conditions of carriage applicable and, where appropriate, the name of the passenger, the date of travel, the train number and the accommodation reserved. Issuers and carriers are generally identified by codes, a list of which is available on <https://www.cit-rail.org/> and www.railpassenger.info.
- A.1.5.1.1.4 The special conditions of carriage specify the conditions under which reservations may be optional or compulsory.

- A.1.5.1.1.5 The special conditions of carriage specify the conditions and arrangements for reductions (e.g. for children, groups, etc.).

A.1.5.2 Purchase

- A.1.5.2.1.1 Tickets are sold either directly by the carrier's sales points or indirectly by authorised sales points. Where carriers who are not taking part in the performance of the contract of carriage or third parties (e.g. travel agencies) sell tickets, they act as agents and accept no liability resulting from the contract of carriage.
- A.1.5.2.1.2 Tickets which are not made out in the passenger's name are transferable if the journey has not begun. Tickets must not be sold for profit by passengers.
- A.1.5.2.1.3 If the fare can be paid for in a currency other than the national currency of the carrier or other than a currency used by the carrier, details of the currency and the rate of exchange are to be published in accordance with the carrier's regulations.
- A.1.5.2.1.4 Conditions for the return and exchange of tickets and refunds of fares – except in the case of train cancellations or delays (point A.1.10.1.1.1 [→ 18] below) – are determined by the carriers' special conditions of carriage which state any charges payable. As a rule, exchange is treated as cancellation of the original contract of carriage and conclusion of a new one. Return, exchange or refund of tickets which are illegible or damaged may be refused. Refunds will be made using the same method used for payment for the ticket or, if appropriate, as a voucher.
- A.1.5.2.1.5 Subject to the national law applicable, passengers who abuse the e-ticketing systems may not be permitted to continue to use e-ticketing systems and home printing functions.
- A.1.5.2.1.6 Lost or stolen tickets will neither be replaced nor refunded.

A.1.6 Passengers' obligations

A.1.6.1 Before the journey

- A.1.6.1.1.1 Passengers must pay fares in advance and ensure that tickets are made out in accordance with their instructions.
- A.1.6.1.1.2 Unless specified otherwise in the special conditions of carriage, passengers are not entitled to any reduction in the fare once the ticket has been purchased.
- A.1.6.1.1.3 The special conditions of carriage specify if passengers must validate tickets themselves before boarding.
- A.1.6.1.1.4 Tickets are not valid if any endorsements which passengers are required to make are missing, if passengers have failed to validate their tickets as required or if the tickets have been altered after issue or falsified. The special conditions of carriage specify the procedure to be adopted in these cases.
- A.1.6.1.1.5 If the electronic data or the security certificate in e-tickets is not readable, passengers have to purchase new tickets. Passengers may send these e-tickets to the issuer for resolution or refund.
- A.1.6.1.1.6 The special conditions of carriage specify if and under what conditions children may travel alone.
- A.1.6.1.1.7 Disabled persons and persons with reduced mobility must notify their need for assistance at least 48 hours in advance. They are to comply with the instructions given by the carriers in order to benefit from the assistance provided in the carriers' access rules. As appropriate, carriers may accept shorter notice periods.

A.1.6.2 During the journey

- A.1.6.2.1.1 Passengers must board trains before the departure time shown in the published timetable so that trains can depart on time. If passengers do not board before the departure time of the train or, where appropriate, within the time period preceding departure and shown in the special conditions of carriage, travel on the train will not be guaranteed.
- A.1.6.2.1.2 Passengers must hold tickets valid throughout the whole journey. Passengers must show tickets to rail staff on demand and retain them until leaving the destination station. Passengers without valid tickets may have to pay a surcharge in addition to the fare itself, failing which they may be required to discontinue their journey.
- A.1.6.2.1.3 Passengers with special tickets (e.g. made out in the passenger's name, issued at a reduced fare, e-tickets, or tickets paid for in particular ways) must be able to prove their identity and entitlement at any time in accordance with the special conditions of carriage.
- A.1.6.2.1.4 Rail staff may retain tickets for audit purposes. In these cases, passengers are given replacement tickets or receipts.
- A.1.6.2.1.5 Subject to the special conditions of carriage, passengers may not break and resume their journeys at will.
- A.1.6.2.1.6 Tickets entitle passengers to carriage in the class of travel indicated and to the accommodation which the passenger has reserved (if any). The special conditions of carriage cover cases where only a lower class of travel is offered over a section of the journey. Reserved accommodation must be claimed within fifteen minutes of departure of the train from the station from which the reservation was made or the passenger may lose his claim to the accommodation.
- A.1.6.2.1.7 Passengers may only occupy one seat. Accommodation reserved for persons with reduced mobility or for families with children is to be given up.
- A.1.6.2.1.8 Passengers must follow instructions given by the carriers' staff, the station managers' staff and the infrastructure managers' staff. In particular, passengers must observe the regulations for the use of premises and facilities and any special conditions for accessing trains.
- A.1.6.2.1.9 Passengers must observe all customs regulations and the regulations of other administrative authorities.
- A.1.6.2.1.10 Passengers may not smoke in areas where smoking is not permitted even if other passengers consent.
- A.1.6.2.1.11 Carriers may penalise the misuse of alarm and emergency equipment in accordance with the national law applicable.
- A.1.6.2.1.12 Passengers who present a risk to the safety of operations or other passengers, or who inconvenience other passengers in an unacceptable manner, may be excluded from carriage and will not be entitled to a refund of their fare.

A.1.7 Hand luggage

- A.1.7.1.1.1 Passengers may take hand luggage with them. The hand luggage must be easy to handle, associated with a purpose of their journey and capable of being fitted into luggage spaces. Passengers must supervise their hand luggage and label it if required by other regulations. Hand luggage must not inconvenience other passengers or rail operations, nor cause damage, for example, to other passengers, other hand luggage or rail equipment. The special conditions of carriage specify the penalties that may be applied in these cases.

- A.1.7.1.1.2 The Regulation concerning the Inter-national Carriage of Dangerous Goods by Rail (RID – Appendix C to COTIF) and in particular Chapter 1.1.3.8 of its annex (www.otif.org) apply to the carriage of dangerous goods. In general only substances and articles which are packaged for retail sale and intended for personal or domestic use or for leisure or sporting activities are permitted.
- A.1.7.1.1.3 Taking weapons and ammunition in trains is prohibited. The special conditions of carriage specify the exceptions and the procedures in those cases.
- A.1.7.1.1.4 Lost property is to be reported to rail staff immediately. The carrier may examine unsupervised hand luggage including its contents and remove it from the train and destroy it if the carrier or the authorities consider it necessary for the safety of operations or passengers.
- A.1.7.1.1.5 The special conditions of carriage apply to accompanied bicycles.

A.1.8 Animals

- A.1.8.1.1.1 Passengers may take animals in trains only in so far as the carriers allow it. If the carriers do allow it, the special conditions of carriage apply.
- A.1.8.1.1.2 Subject to the law applicable, no restrictions apply to blind and disabled persons' assistance dogs which are recognisable as such.

A.1.9 Registered luggage and vehicles

- A.1.9.1.1.1 If carriers offer the carriage of registered luggage and vehicles, the special conditions of carriage apply.

A.1.10 Delays

A.1.10.1 Train cancellations and anticipated delays

- A.1.10.1.1.1 If a train is cancelled or delayed and if the experience of the carrier leads objectively to the conclusion that the destination point specified in the contract will be reached with a delay of more than 60 minutes, passengers may, in accordance with point A.1.10.1.1.3 [→ 18] below:
- demand a refund of the fare for the journey not made or for that part of the journey not made and/or the part made but no longer serving a purpose together with carriage back to the starting point of the journey free of charge, or
 - continue their journey, using a different route if necessary, at the earliest opportunity but nevertheless at the latest within 48 hours.
- A.1.10.1.1.2 If passengers' tickets are also valid for the return journey and if they use them in accordance with their travel plans, only that part of the total fare which corresponds to the outward journey will be refunded.
- A.1.10.1.1.3 Return to the starting point of the journey or continuation of the journey are only possible using the carriers taking part in the performance of the contract of carriage. They are to be under conditions comparable to the initial journey.

A.1.10.2 Delays sustained

- A.1.10.2.1.1 If passengers do not claim under point A.1.10.1.1.1 [→ 18] above and reach the destination point specified in their contract with 60 minutes or more of delay, carriers will compensate them with 25% of the fare calculated in accordance with point A.1.10.3.1.1 [→ 19] below. For delays of 120 minutes or more, the compensation will be 50% of the fare calculated in accordance with point A.1.10.3.1.1 [→ 19] below. Points A.1.10.5.1.1 [→ 19] and A.1.10.5.1.2 [→ 19] below still apply.

A.1.10.2.1.2 Rail staff on the train which was delayed, or any other authorised staff, will provide passengers with confirmation of the delay on demand.

A.1.10.3 Handling of refunds and compensation

A.1.10.3.1.1 The basis for calculating compensation is the fare attributable to the delayed train. If the ticket does not specifically show this fare, the basis is to be the fare the passenger would have had to pay for a journey restricted to just that train. The special conditions of carriage apply to reduced and promotional fares, tickets with integrated reservation, season tickets and other types of rail pass tickets.

A.1.10.3.1.2 The fare taken into account for paying refunds and compensation will include ancillary charges (reservations, supplements, etc.) but exclude any service fees.

A.1.10.3.1.3 Carriers may pay refunds and compensation in the form of vouchers. As a rule vouchers will only be redeemed by the issuing carrier and/or for designated services. At passengers' request carriers will pay refunds and compensation in money in a form chosen by the carrier, e.g. by bank transfer, by credit note or in cash.

A.1.10.3.1.4 Refunds and compensation are processed within a month of application to the appropriate contact point (point A.1.14.1.1.1 [→ 21]) As a rule, amounts under EUR 4 will not be paid. Any financial transaction costs are paid by the carrier.

A.1.10.4 Non-continuation of the journey the same day

A.1.10.4.1.1 Subject to point A.1.10.5.1.3 [→ 20] below, if passengers are not able to continue their journey in accordance with the contract of carriage on the same day by reason of cancellation, the late running of a train or a missed connection, or if continuation of the journey on the same day could not reasonably be required under the circumstances, the carrier will refund the reasonable costs of notifying persons awaiting those passengers and:

- provide reasonable accommodation including the transfer necessary, or
- refund the reasonable costs of accommodation including the transfer necessary.

Carriers may offer alternative transport (bus, metro, taxi, etc.).

A.1.10.5 Relief from liability for delays

A.1.10.5.1.1 Carriers are relieved of liability for delay sustained (point A.1.10.4 [→ 19] above) in so far as the delay is due to transport services:

- which are wholly performed outside the territory of a Member State of the EU, Switzerland and Norway;
- which are performed partly outside the territory of a Member State of the EU, Switzerland and Norway, provided that the delay occurs outside those states;
- which are exempted from the PRR;
- which do not form part of the contract of carriage (bus, tram, metro, taxi, bicycle between railway stations in the same conurbation);
- which are performed by another mode of transport (air, road, inland waterways or sea); in that case each mode of transport is subject to its own rules as far as liability for delays sustained is concerned.

A.1.10.5.1.2 In addition, carriers are relieved of liability for delay sustained (point A.1.10.2 [→ 18] above), if passengers were informed of possible delays before buying their tickets, or if when continuing their journeys by an alternative service or route, the delay on arrival at the destination points defined in their contracts of carriage is less than 60 minutes.

- A.1.10.5.1.3 Carriers are relieved of liability for non-continuation of the journey the same day (point A.1.10.4 [→ 19] above), if the event was due to:
- circumstances not connected with the operation of the railway which the carrier, in spite of having taken the care required in the particular circumstances of the case, could not avoid and the consequences of which he was unable to prevent;
 - fault on the part of the passenger;
 - the behaviour of a third party which the carrier, in spite of having taken the care required in the particular circumstances of the case, could not avoid and the consequences of which he was unable to prevent; the infrastructure manager and other railway undertakings using the same railway infrastructure are not to be considered as third parties;
 - limitations in transport services as a result of strikes of which passengers were appropriately informed.

A.1.11 Assistance in case of delays

- A.1.11.1.1.1 If the train is delayed for 60 minutes or more, carriers take all reasonable and proportionate action to assist passengers. As far as possible and having regard to the waiting time, this action will include the provision of refreshments and meals and, in accordance with point A.1.10.4 [→ 19] above, the provision of accommodation and the organisation of alternative means of transport. Special attention will be paid to the needs of persons with reduced mobility.

A.1.12 Personal injury

- A.1.12.1.1.1 The carrier's liability for the death of and personal injury to passengers is determined by the CIV Uniform Rules, without prejudice to applicable national law granting passengers further compensation for damages. The national law applicable applies to liability for domestic carriage in non-EU Member States. Without prejudice to Article 31 CIV, the maritime law applicable applies to the liability of maritime carriers.
- A.1.12.1.1.2 The carrier liable in accordance with Article 56 § 1 together with Article 26 § 5 CIV is to make appropriate advance payments to passengers or their dependents to cover immediate economic needs in the event of the death or injury of a passenger in an EU Member State if the transport service in question has not been exempted from the PRR. An amount of EUR 21 000 per passenger will be paid in advance in the event of death. In the event of injury, relevant and reasonable costs of up to EUR 21 000 per passenger will be paid in advance.
- A.1.12.1.1.3 Advance payments do not constitute acceptance of liability for the event resulting in the loss and damage and will be offset against any subsequent compensation paid. A demand may be made for the advance payment to be returned if the loss or damage was caused wilfully or negligently by the passenger or if the recipient was not entitled to receive the payment.
- A.1.12.1.1.4 So far as is compatible with the protection of their interests, carriers who decline liability will provide support for pursuing claims for compensation against third parties at passengers' request (where appropriate forwarding documents, sight of inquiry reports, supply of papers, etc.).

A.1.13 Loss and damage to property

- A.1.13.1.1.1 The carrier's liability for hand luggage and animals in the custody of passengers is determined by the CIV Uniform Rules, without prejudice to applicable national law granting passengers further compensation for damages. Applicable national law applies to liability

for domestic carriage in non-EU Member States. Within EU Member States, Switzerland and Norway, the limits in Article 34 CIV do not apply to liability for mobility equipment for disabled persons and persons with reduced mobility.

A.1.14 Claims and complaints

A.1.14.1 Claims for personal injury

A.1.14.1.1.1 The person entitled must address claims relating to the liability of the carrier in the case of the death of, or personal injury to, passengers in writing to the carrier having performed the part of the carriage on which the accident happened, within twelve months of becoming aware of the loss or damage. If this part of the carriage was not provided by the carrier, but by a substitute carrier, then the person entitled may address his claim to that substitute carrier instead.

A.1.14.1.1.2 If the carriage was the subject of a single contract and was performed by successive carriers, the claim may be addressed to the first carrier or the last carrier or to that carrier who has his principal place of business or the branch or office which concluded the contract of carriage in the state where the passenger is domiciled or habitually resident.

A.1.14.2 Other claims and complaints

A.1.14.2.1.1 The person entitled must address other claims and complaints in writing to the issuer of the ticket or to any carrier taking part in the performance of the contract of carriage, within 12 months of the end of the rail journey. The original ticket and any other useful document (for example, confirmation of the delay provided by the carrier) are also to be submitted.

A.1.14.2.1.2 Carriers to whom the claims or complaints are submitted will provide reasoned replies to passengers within one month of receiving them. If appropriate, carriers will pass claims or complaints on to the issuing undertaking, informing passengers that they have done so at the same time. Carriers to whom the claims or complaints are submitted or the issuing undertaking will then provide passengers with definitive replies within three months of receiving their claims or complaints.

A.1.14.2.1.3 Details of specialist departments, their addresses and their working languages, are shown on <https://www.cit-rail.org/> and on www.railpassenger.info. They may also be obtained from the websites of undertakings which apply the GCC-CIV/PRR and as a rule from their sales points providing customer advice.

A.1.15 Disputes

A.1.15.1 Undertakings against which an action may be brought

A.1.15.1.1.1 An action based on the liability of the carrier in the event of the death of, or personal injury to, passengers may only be brought against the carrier having performed the part of the carriage on which the accident happened. If this part of carriage was not provided by the carrier, but by a substitute carrier, then the person entitled may address his claim to that substitute carrier instead.

A.1.15.1.1.2 An action for the recovery of a sum paid for the contract of carriage may be brought against the carrier who has collected that sum or against the carrier on whose behalf it was collected.

A.1.15.1.1.3 An action for refund and compensation for delays and other actions made on the basis of the contract of carriage may only be brought against the first or the last carrier or the carrier having performed the part of the carriage on which the event giving rise to the proceedings occurred.

- A.1.15.1.1.4 Article 56 § 3 CIV applies to claims for registered luggage and vehicles made on the basis of the contract of carriage.
- A.1.15.1.1.5 If the person entitled has a choice between several undertakings, his right to choose is extinguished as soon as he brings an action against one of them.

A.1.15.2 Extinction and limitation of actions

- A.1.15.2.1.1 The period of extinction and limitations of actions provided for in Articles 58 to 60 CIV apply to all actions for damages on the basis of the contract of carriage (three years for damages based on the liability of the carrier in case of death of, or personal injury to, passengers; one year for other actions arising from the contract of carriage).

A.1.15.3 Jurisdiction

- A.1.15.3.1.1 Legal actions based on the contract of carriage may only be brought before the courts and tribunals of the Member States of the Intergovernmental Organisation for International Carriage by Rail (OTIF) or of the EU on whose territory the defendant has his domicile or habitual residence, his principal place of business or the branch or office which concluded the contract of carriage. Actions may not be brought before other courts or tribunals.

A.1.15.3.2 Applicable law

- A.1.15.3.2.1 If the national laws of several states are applicable, the law of the state in which the person entitled asserts his rights, including the rules relating to conflict of laws is applicable.

- A.2.1.1.1.5 In derogation from Sections A.1.10.3 [→ 19] and A.1.14.2 [→ 21], the reimbursement and compensation process laid out in Section A.5.4 of the guide for travelling with ÖBB in Austria applies to grievances and complaints to ÖBB-Personenverkehr AG.

- A.3.12.2.1.1 Transfer to a higher coach class, a higher service category or to a higher train category is generally permitted for both international and domestic tickets. An additional fee may be charged for this. Carriers may exclude a change of class or a change to a higher train category.
- A.3.12.2.1.2 No extra charge will be raised if accommodation in a higher class or category of service is allocated for reasons within the responsibility of the carrier.
- A.3.12.2.1.3 If passengers are allocated accommodation in a lower class or category of service, the train crew will certify that on the ticket, reservation ticket or on an appropriate receipt. The difference in price will be refunded in accordance with the carriers' special conditions of carriage.
- A.3.12.3 Change of carrier**
- A.3.12.3.1.1 In principle, where several carriers serve a section of route in parallel, change of carrier is not permitted. Individual carriers may permit change of carrier; the details are then specified in their special conditions of carriage.

- A.3.13.2.1.2 The fare set by the carrier will be charged for single journeys.
- A.3.13.2.1.3 For return journeys via the same route, twice the fare for the single journey will be charged, or if appropriate, a special fare set by the carrier for the complete return journey.
- A.3.13.2.1.4 For return journeys via different routes:
 - If the same carrier is used for the out- and inbound journey, the sum of the fares for the single journeys out- and inbound will be charged, provided there is no special fare for the complete return journey;
